Presenter: Octopus
- Question-and-answer period
- Conclusions, action
3:00 Moderator: Conference wrap-up: conclusions and recommended action
4:00 End conference Zoom

Note: all participants will receive PDF copies of all presentation

Conclusions and action from 5 presentations at one-day Global Pro-environment Conference
Create positive change. Take positive pro-environmental action. Avoid negative blame or finger-pointing.

Environmental Problems	**Our Solutions:** *Act to stop global warming *Act to reduce waste *Act to reduce water pollution *Act to stop air pollution *Act to fight climate change

STOP and **THINK** **What action can I take? How can I model best practices for others? What can I do to highlight problems and solutions?**
